

Stand out with your Sword!

Introduction

The goal is for participants to memorize bible verses as they run and move through designated areas.

Objective

Emphasizing the importance of depending on God's Word during perilous times.

Participants

Groups of 5-10 people or per club

Material

Selected bible verses

Description

Run for your life with God by your side. Utilizing your sword, the word of God, protect yourself against the enemy. As a team, participants will begin by having 2 minutes to memorize a bible verse then run through enemy territory #1 without being captured. Enemies will roam them and capture participants. Once captured (frozen) can be liberated (unfrozen) only until participants can say the selected bible verse. If successful, may move to the next designated area #2 and learn another bible verse. The same instructions will apply in enemy territory #3 with another memory verse reaching the final stage in area #4. The goal is to reach the destination without being caught by the enemies with your entire team depending and having faith on God's promises.
