

AFC Shower Schedule and Instructions

(4 trailers with 32 Shower heads)

Instructions

- Make one line for women and one for men.
- The person taking a shower needs to remove their shoes and socks outside the shower trailer.
- Shower time is from 3-5 minutes.

Power wash - Announce that we need to close the showers for 30 minutes. Use the instructions below

Night shift - Close the line 30 minutes before the time. May need to clean up the showers to have them ready for the next day.

Power wash | How to clean the showers

Step 1 - Start by removing all trash and products from the shower: shampoo bottles, soap, etc.

Step 2 - Remove any hair from the drain screen that may prevent the shower from draining properly.

Step 3 - Rinse the walls of the shower with warm water before applying any cleaner.

Step 4 - Spray the shower wall with the best shower cleaner and let it sit for a few minutes to break down the soap scum.

Step 5 - Rinse the wall completely with warm water.
